JAG Pediatric Therapy Selects Regal Bank For Personalized Service

LIVINGSTON, NJ (April 2, 2013) – JAG Pediatric Therapy, a New Jersey physical and occupational therapy services provider, chose Regal Bank for both its commercial financing needs and business checking account.

When asked why he chose Regal Bank for his business needs over a large, nation-wide financial institution, the President of JAG Pediatric Therapy John Gallucci had this to say, “It was an easy choice, really. We wanted the personal attention and customer service that you receive from a community bank such as Regal Bank.”

And, like Regal Bank, JAG Pediatric Therapy prides itself on personalized service. The company opened its doors November 2012 and employs more than ten staff members at its West Orange, New Jersey location.

JAG Pediatric Therapy provides the highest quality treatments individualized for each child’s needs. The treatments are delivered in a fun, stimulating environment to enhance each child’s development and help them reach their highest potential.

“We’re so pleased to provide JAG Pediatric Therapy with commercial financing to grow their business and business checking services to assist with daily operations. It’s satisfying to be able to help a local practice like theirs in the important work they do every day,” said Thomas Lupo, President and Chief Executive Officer of Regal Bank.

In addition to financing and checking accounts, Regal Bank offers a comprehensive collection of commercial banking services including savings products, online banking and bill paying and remote deposit.
